This is the 1st year the Club has Partnered with Make-A-Wish Foundation – Georgia & Alabama Sections.

The Club has offered transportation for kids who can't or don't have the opportunity to walk in most of the walk.

The Foundation has set up Teams of Walkers which will be next to each car if possible along with Parents, Family & Friends as each child is transported through part of the 1.75 mile walk.

The Club will not be able to transport the child on the total walk based on the instructions from Atlanta Police Department which as being discussed to see if route can be opened up for the cars, family & friends.

The Club hasn't been offered Phase 2 cars but the Foundation has asked the Club to do a "Park & Shine" for the kids & friends after the parade. Space is somewhat limited so we're waiting how many cars could be open to the club.

Drivers are requested to meet at Sidelines Grill on April 16 at 7:45am and leave to caravan to Atlantic Station @ 8:00am to arrive by 8:30am.

Details are being worked out and additional information will be updated as it gets closer.
