We have been contacted by the Atlanta International Auto Show and invited to display our Vettes again this year.

The promoter has advised us that we would be the 'featured' display this year (he wants vintage cars to attract attention). That means we would be set up in the main lobby outside of the exhibition hall. He advised he would like 6 cars for the display, but that if he lined us up along the window, we might get as many as 10 to 12 cars in. He is still in the planning stage. Security would be as tight as before with all doors locked, guards etc.

We need one each of C1 thru C6 models as primary vehicles. If I am successful in obtaining additional slots, participants will be added as needed to fill in, but older Vettes will be given priority.

In addition to the cars, we need volunteers to watch the cars and man the Classic Glass and NCM tables during all hours of the show. Every year this event has brought us and the NCM additional members.

Those who enter their cars and volunteers to man the display will be given two event passes in consideration for their help.

More details will follow as planning by the promoter continues.
